Roei **Lulavy**

FULL-STACK WEB DEVELOPER

📱 (+972) 52-700-1019 | ✉ roy.lulavy@gmail.com | 🐙 roeilulavy | 🔗 roei-lulavy | 🌐 Hebrew, English

I am an experienced Android developer who is excited about web development. I believe in seeking out challenges and always learning and improving. I am looking for my next role where I can best apply my skills, experience and motivation.

Technical Skills

HTML | CSS | JavaScript | React | MongoDB | NodeJS | Git | Postman | RESTful API | Express | Android studio

Education

Web Development Program   *Tel Aviv, Israel*

MASTERSCHOOL IN COLLABORATION WITH PRACTICUM**100**   *2021-2022*

- 8-month intensive program designed to train students to be successful Web Developers.
- **Coursework Includes:** HTML, CSS, JavaScript, React/redux, MongoDB, NodeJS.

Work Experience

Deputy Director, Public safety Unit   *Yehud, Israel*

MUNICIPALITY OF YEHUD - MONOSSON, ISRAEL POLICE   *2015-2021*

- Hired and trained new employees and integrated them into the unit using an orderly plan I wrote for new employees training.
- Developed Reports app, Body-cam system and personal server for the unit, with private and secure connection.
- Managed communications systems (PTT, PC's, Applications), with the help of Motorola services and my military knowledge.

Android Developer

FREELANCE   *2018-2021*

- Self-learning Android app development using android-studio to create apps for Android, PHP for API services and SQL database for storing data.
- Developed several Android apps for work and worked with students on projects according to specifics requests.
- Currently I'm developing apps for future planning, using Android studio for Android mobile, React for web interface and MongoDB for storing data.

Military Service

IDF COMPUTER SERVICE DIRECTORATE   *2011 - 2014*

- PC Technician - In charge of all PCs under my commend, Build and maintain Servers, Worked with SCCM and Active Directory, Remote install operating and other military systems.
- Broadband Communication Technician - Managed all Satellites, Radio, Phone and Network Communications.
- Active combat support deployment - in this role during Operations and Pillar of defense (2012) & Protective Edge (2014).

Projects

News-explorer   ⬈

SEARCH AND REVEAL THE LATEST NEWS

- Created a news search engine using React according to a Figma design for the Front-end and NodeJS, Express and MongoDB for the Back-end.
- This project makes use of a free third party NewsAPI which collects all the latest articles on the web and let the developer make use of them.
- In this project, users are able to search for articles by typing keyword and reveal the latest news, registered users can save or delete articles.

Around The U.S   ⬈

A SOCIAL PHOTOS SHARING WEBSITE

- Created a social photos sharing platform using React according to a Figma design for the Front-end and NodeJS, Express and MongoDB for the Back-end.
- Make use of Router-v6 to protect Routes from users that aren't logged in, Authentication and authorization handled by the Back-end, using JWT.
- In this project, users are able to create their own profile, upload or delete their own photos, and like or dislike others photos.
